

Drylining Products and Systems Overview

CPD

Overview

This CPD will benefit architects looking to have a better understanding of Knauf drywall systems, acoustics and reverberation control, flooring, external systems and much more. The presentation will also cover how all these areas interact and what consideration should be made at design stage.

Knauf products and systems continue to be specified on some of the UK's largest and most prestigious projects. We are one of the UK's leading manufacturers of drywall systems and our specification team provide excellent technical advice throughout the design process.

This CPD will cover:

- Drylining overview
- Relevant Building regulations
- Acoustics
- Innovation
- Knauf Service to you
- Questions

What we offer
